

Programme

Time	Speaker	Title
Wednesday, 24 May		
9:30 - 12:30	Tattoo & PMU Artist Educational Workshop >> Find the workshop programme here	
13:00 - 13:40	Session: Opening & Plenary Talk Chairs: Ines Schreiber, Steffen Schubert, Milena Foerster, Jørgen Serup	
13:00 - 13:10	Organizing Committee & ESTP Vice Chair	Welcoming words by the organising committee
13:10 - 13:40	Aaron Deter-Wolf	The Archaeology of Tattooing: New Discoveries and Understandings
13:40-14:00	BREAK	
14:00 - 15:40	Session: 1.5 years after REACH: Part I: Challenges in implementation Chairs: Ines Schreiber & Marko Sušnik	
14:00 - 14:20	Marko Sušnik	Why chemicals policy matters for tattoo-pirates
14:20 - 14:35	Erich Mähner	Save the Pigments!
14:35 - 14:45	Grenouille Karine*	Impact of REACH regulation on tattoo inks' supply: Survey of French Tattoo Artists
14:45 - 14:55	Stefanie Lamm*	Data collection on tattoo inks under REACH
14:55 - 15:05	Esben Hammershøj	Show how the restrictions of reach have impacted the Danish tattoo industry?
15:05 - 15:20	Michael Dirks	REACH vs. National laws - current challenges
15:20 - 15:35	Luca Viola	Legal issues after two years of entering into force of Regulation EU 2020/2081 and the CJEU decision about classification and labelling of titanium dioxide
15:35 - 16:00	COFFEE BREAK	
16:00 - 18:00	Session: 1.5 years after REACH: Part II: Future of chemicals in tattoo inks Chairs: Ines Schreiber & Urs Hauri	
16:00 - 16:10	Steffen Schubert & Ines Schreiber	ESTP perspective of the REACH restriction
16:10 - 16:25	Peter Laux*	Minimum requirements on tattoo inks - report on the new BfR commission
16:25 - 16:40	Linda Katz	Tattoo inks: U.S. regulatory perspectives
16:40 - 16:55	John Misock	The Modernization of Cosmetics Regulation Act of 2022 (MoCRA)
16:55 - 17:15	Claudia Schmidt	The regulation of tattoos, tattooing and tattoo removal in Germany in historical perspective
17:15 - 17:45	Panel Discussion It has been over one year that "Tattoo-REACH" came into force and changed the European tattoo and PMU landscape. The session will address these changes with a focus on challenges for artists and manufacturers, and will provide insights in law enforcement and control approaches of selected EU member states and other stakeholders.	
18:00-19:00	ESTP Board Meeting	

*Online presentation

Thursday, 25 May

09:00 - 10:20 **Session: Tattoo complications and clinical insights**

Chairs: Jørgen Serup & Petra Hirtler

09:00 - 9:20	Sebastiaan van der Bent	Tattoo complications: diagnosis and treatment
09:20 - 9:40	Nicolas Kluger	Tattoos and "pandemics": COVID-19 and Monkeypox
09:40 - 10:00	Walter Liszewski	Anaesthetic creams - complications
10:00 - 10:20	Patrycja Rogowska	Tattooing in psoriasis: A questionnaire based analysis of 150 patients

10:20 - 10:40 **Session: Poster Pitches (each Poster 1 min)**

Chair: Kasper Alsing

10:40 - 11:20 **POSTER SESSION & COFFEE BREAK**

11:20 - 13:00 **Session: Basic science: Dermal in-vitro/in vivo studies**

Chairs: Walter Liszewski & Steffen Schubert

11:20 - 11:40	Joey Karregat	Assessment of cytotoxicity and sensitization potential of intradermally injected tattoo inks in reconstructed human skin
11:40 - 12:00	Ines Schreiber	Phototoxicity in vitro: A perspective on 2D and 3D skin models
12:00 - 12:20	Nataly Portilla-Maya*	Histopathological patterns related to pigment exposure: An overview
12:20 - 12:40	Carina Wolf	Simulation of pigment metabolism by electrochemistry-mass spectrometry (EC-MS)
12:40 - 13:00	Lise Aubry	Toxicological impact of photodegraded organic tattoo pigments on human cultured keratinocytes

13:00 - 14:00 **LUNCH BREAK**

14:00 - 15:40 **Session: Allergies & epidemiology**

Chairs: Christa DeCuyper & Sebastiaan van der Bent

14:00 - 14:20	Steffen Schubert	German tattoo patch test panel - results of the IVDK
14:20 - 14:40	Norbert Ipenburg	Patch testing in patients suspected of having a tattoo ink allergy
14:40 - 15:00	Katherina Siewert	Local enrichment of chemical-specific T cells in skin for tattoo allergen identification
15:00 - 15:20	Bayan Hosseini	Development and validation study of the epidemiological tattoo assessment tool (EPITAT)
15:20 - 15:40	Uwe Karst	Identifying tattoo pigments in human skin samples with adverse reactions based on MXRF and LDI-MS imaging and mass spectral library matching

15:40 - 16:00 **COFFEE BREAK**

16:00 - 17:00 **Session: Tattoo complications and removal**

Chairs: Wolfgang Bäumlner & Marie Leger

16:00 - 16:20	Jørgen Serup	Blue tattoos: Complaints and complications noticed real life
16:20 - 16:40	Wolfgang Bäumlner	Tattoos as a target of natural UV radiation and laser removal - facts and myths
16:40 - 17:00	Marilena Carbone	Water dispersion pigment PG7 and green concentrate treated by femtosecond laser

17:00 - 18:00 **General Assembly ESTP Members**

19:30 **Congress dinner at Restaurant Stöckl im Park** (*tickets can be bought through the online registration*)

*Online presentation

Friday, 26 May

9:30 - 10:20 Session: History of Tattooing & Tattoo Organisations

Chair: Marie Leger & Thijs Veenstra

9:30 - 9:50	Maik Frey	The view of a tattooer on the last 35 years
9:50 - 10:05	Dolores Murray	Introducing the Council of European Tattoo Associations (CETA)
10:05-10:20	Rebecca Ryrberg	SRT - The Swedish association for tattoo artists

10:20 - 10:55 Session: Cosmetic tattoos & Breast reconstruction

10:20 - 10:40	Andy Engel*	Breast reconstruction, retouching of scars and colour restoration
10:40 - 10:55	Alexia Cassar*	Impact of REACH resolution over European tattoo artists: Greying the horizon of breast cancer survivors

10:55 - 11:15 COFFEE BREAK

11:15 - 12:40 Session: Analytics: Market surveillance & ingredients of inks

Chair: Urs Hauri & Thijs Veenstra

11:15 - 11:35	Urs Hauri	'REACH-compliant' tattoo inks under scrutiny
11:35 - 11:55	Birgit Gutsche	CVUA - Tattoo Ink Analytics and Market Surveillance
11:55 - 12:10	Roberta Lavalle	Compliance of tattoo and PMU inks related to the content of preservatives after one year of REACH restriction application
12:10 - 12:25	Claudi Leoni	Polycyclic aromatic hydrocarbons (PAHs) in tattoo and permanent make-up inks and compliance to regulation (EU) 2020/2081: An investigation
12:25 - 12:40	Veit Houben	A statistical journey through the first year of the new EU regulation

12:40 - 13:40 LUNCH BREAK

13:40 - 14:50 Session: Biokinetics & Biodistribution of tattoo inks

Chair: Walter Liszewski & Katrina Hutton Carlsen

13:40 - 14:00	Urs Hauri	Semi-quantitative HPLC-analysis of banned organic pigments in tattoo inks
14:00 - 14:20	Susanne Kochs	<i>In vivo</i> -exposure to tattoo inks - a short-time human biokinetics study on soluble tattoo ink ingredients
14:20 - 14:35	Janos Cambiaso-Daniel	Biokinetics of tattoo pigments - A study in pigs
14:35 - 14:50	Kasper Alsing	Investigating the biodistribution of iron oxide tattoo pigment: an experimental murine study

14:50 Session: Closing Ceremony

*Online presentation
